We have canvassed the neighbourhood and have found that the major concern is the parking. The congested parking spills into the rest of the street. There is a lot of traffic on Blue Jay Place as the 75 units of the Woodlands use Blue Jay to come and go from their homes. This also creates a major problem in the winter when snow removal is necessary. People have been parking in the no parking zones and on the lawn. There is just not enough parking for the number of residence on the street which becomes a much larger problem when you start allowing suites. We urge the city to consider the ramifications of adding more residences to an already congested area.

Thank you for your consideration,

We the neighbours on Blue Jay Place, are very concerned about the suite going in at 2129 Blue Jay Place. We already have a parking problem and the addition of a suite would only add to this problem.
