

**INVITATION FOR PUBLIC INPUT REGARDING A
PROPOSED FREEDOM MOBILE ROOFTOP ANTENNA INSTALLATION LOCATED AT
841 CLIFFE AVENUE, COURTENAY, BC V9N 2J8**

Dear Neighbour,

Freedom Mobile ("Freedom") is striving to provide high quality wireless communications services to Canadians. Increasingly, Canadians depend on wireless voice, data and internet communications to meet their business, personal and emergency needs. Freedom currently provides wireless services to Courtenay/Comox though there are areas that require improved access to the wireless network. In order to provide improved services new wireless installations are required. One of the new sites is proposed to be installed on the rooftop of 841 Cliffe Avenue, Courtenay, BC V9N 2J8. Freedom has commenced consultation in accordance with the City of Courtenay's Development Procedures Bylaw No. 2790.

PROPOSAL DETAILS:

The proposed site is a 3-story commercial building located at 841 Cliffe Ave. Freedom proposes to install eight (8) panel antennas and four (4) microwave dishes on ballast mounts on the south and west sides of the rooftop perimeter. Equipment to operate the antenna will be located in the building. While antenna installations are a federally regulated installation, Freedom has submitted a development variance permit as the proposed equipment exceeds the height permitted in the zoning.

You are receiving this letter as the Alternative Public Information Mailout. This letter provides written notification to property owners and tenants within 30 metres of the development site. The closing period for written comments regarding the proposal is January 10, 2022. Any inquiries that are received as a result of this notification will be logged and submitted to the City of Courtenay.

To view relevant documents on The City of Courtenay website please visit www.courtenay.ca/devapptracker Development Variance Permit Application DVP00031(841 Cliffe Ave).

Comments can be submitted to the City of Courtenay by one of the following methods:
