Dear Council,

Subject: Public Hearing 3040 Kilpatrick Ave

I support this new development on Kilpatrick Ave in Courtenay.
I cannot take part in the public hearing next week as I will be working that afternoon and evening.

I know people who bought units in the first Newport Village building. I would like to purchase in the next building. The location is great for me and my wife. The layouts and style look good also.

I am currently a Langley resident and I am hoping to retire to Vancouver Island in the next couple of years. Courtenay is our first choice right now.

Please approve this development.

Thank you,

Scott
