Council Concerns and Comments – Fencing and Community Amenity Contribution Proposal

At the Council meeting on February 1st, 2021 Council voiced concerns regarding the impact of the proposed hotel on adjacent residential properties and with traffic in the area. In response to Council's concerns and comments, we are proposing the following provisions:

To address adjacent neighbour concerns:

- 1) To plant *Cupressus x leylandii* (Leyland Cypress) as a hedge with minimum height of 3 meters; and,
- 2) To install a 1.8 meter tall sound attenuation fence (with a minimum STC rating of 36) along the eastern property line between 310 Hunt Road and the adjacent residential properties in place of the proposed decorative cedar fence.

To provide for community amenity contributions:

- 1) Pay a community amenity contribution of \$35,000 to the parks and recreation fund to support parks and trails development in Courtenay.

It is understood that these provisions will be secured by the City through a covenant on title. Please let me know if you have any question or require any additional information.

Sincerely,
McElhanney Ltd.
